ABOUT JAKE

HOW I SHOOT WEDDINGS

DAY OF TIMELINE

I love to capture the authentic moments. I will always be there to help you and allow you to both stay in the moment. Document everything... That's my style.

PRE CEREMONY

I usually show up 2 hours prior to the ceremony so I can capture details shots of the venue and also getting ready shots of the bride and groomsmen. If you are getting ready at the separate location that is no problem either.

CEREMONY

During the ceremony my goal is to stay out of the way. I will definitely get those close ups but will make sure to allow the guests to enjoy the ceremony. Audio will be provided if you do select the separate ceremony video.

RECEPTION

After the ceremony there is usually some type of reception or celebration. I love capturing all the events and performances that my guests prepare. From the first dances, to cake cutting, the bouquet toss, and the send off, just to name a few. I document everything!

The groom is on the left, wearing a green and purple plaid suit and a purple tie, with a unique hairstyle of braids topped with a tuft of blonde hair. The bride is on the right, wearing a white lace wedding dress. They are leaning on a rustic wooden fence. In the background, there are rolling hills and trees. A decorative wire mesh structure is visible at the top of the image.

I pride myself on providing a 5 star experience. Please see a few of the recent reviews from last seasons weddings.

“We could not have asked for a better experience than we did with Jake. From the quality of the pictures, video, and energy that Jake brought, my husband and I will have memories of our trip that will last a lifetime. One of the greatest things about Jake is that you can tell he loves his work. His enthusiasm, energy, excitement, and drive shows in his work. Jake provided first class pictures and video. He was open to what we wanted and together created a day we will never forget. Jake, thank you for everything!.”

“First off, I have never left a single review about anything. But, Jake is such an incredible videographer he deserves a million 5 star reviews. (He did not ask me to write a review.) He is extremely detail oriented and creative. He captured so many moments, including the small and intimate ones. He edited our video seamlessly and made it truly into something my husband and I will treasure for the rest of our lives. Not only is he so gifted at what he does, he is so fun and kind and outgoing. After my wedding so many family members told me “the videographer is so fun and awesome, how did you find him?!” Jake is so fun to be around and he never made anything awkward. I met him the day of my wedding and it felt like we were good friends. He is super hard working, honest, and focused. I would recommend Jake to anyone who wants to capture their wedding day perfectly.!!”

HOW TO BE AUTHENTIC IN PHOTOGRAPHS

ONE OF THE MOST COMMON RESPONSES I GET AS A WEDDING PHOTOGRAPHER IS "JUST SO YOU KNOW... WE ARE NOT GOOD IN FRONT OF THE CAMERA" OR "MY FIANCEE IS VERY CAMERA SHY"

IN THE WORDS OF MRS. DOUBTFIRE "DON'T WORRY DEAR,
HELP IS ON THE WAY!"

LET'S TALK ABOUT IT

FIND AN "OUTGOING" PHOTOGRAPHER.

Finding the right photographer is key to getting those authentic photos. A good photographer will be able to adapt to your "shyness" and help you to feel comfortable in front of the camera. Also know that not all photographers are Introverts... I find that having a photographer that is outgoing and most of all fun will add so much to your big day. It is a celebration after all! So let's celebrate and get some epic pictures!

CREATE A SHOT LIST.

Creating a shot list or pinterest board is beneficial for everyone! Please note, this is not required at all and any good photographer will have all this ready to go when you are on location. But, if you have any specific poses or shots you find that you like. Create that board and send it over! We love seeing your vision of what you want and helping you make it come true.

IF YOU ARE "CAMERA SHY" DONT WORRY!

As stated previously, the GOAL is to create an atmosphere where you both can be your fun loving, goofy selves. THAT is where true emotion and authentic expressions and movement stem from. So whoever you do decide to choose, always remember they are here for you and your vision. If they are a professional they will take that and capture a story that will last a lifetime.

THE MOST IMPORTANT THING IS....

YOUR LOVE, AND
CELEBRATING THE
OCCASION.
